BREUR MEDIA LAUNCHES NATIONAL CHIROPRACTIC PRODUCTS WEB SITE:

www.MyoVision.com

(Lutz, Florida) Breur Media Corporation has created and completed a new website for **MyoVision**.

Artist Juhli Greene designed the new look, organized content and implemented the web site.

The website address is www.myovision.com and includes such information as:

- Information about the company and its founders **Precision Biometrics**.
- The site also includes information on news, events, technical support, and marketing materials.
- A full listing of the company's products with links to their benefits and product support.
- Information on training, patient education, and research are also available on the site.
- Future content will include a store for purchasing all products and supplies.

Breur Media Corporation creates a variety of original interactive multimedia, including web design, CD-ROMs, and live interactive multimedia presentations. Other services include graphic design, e-commerce, and web hosting. The company was founded July 2001 by Arthur Breur, whose previous experience includes six years at PriceWaterhouseCoopers and more than 15 years in print, interactive and multimedia design. The office is located at 18125 Highway 41 in Lutz, Florida, 33549.
